### **Jenin Refugee Camp Massacre**

In the early hours of the morning on the 26th of January, the military forces of Apartheid Israel invaded the Jenin Refugee Camp, showering the Palestinians with bullets and murdering 11 Palestinians. Palestinians have faced brutal displacement and violence at the hands of Israel's occupying regime for decades now. The Jenin Refugee Camp Massacre is the latest in a series of horror Palestinians are subjected to. We are horrified by the brutality of Israel's illegal occupation and outraged at the silence of the international community which continues to mask Israel's war crimes. We condemn the horrific murders at the Jenin Refugee Camp and reiterate our call to the South African government to Boycott and Sanction Israel and Divest from Israeli businesses. Israeli forces clearly targeted the infrastructure of the Jenin Refugee Camp, aiming to further maim Palestinians.

Places of refuge for displaced Palestinianins are continuously targeted by Israeli forces and attacked, with the very clear intention of further displacing, harming, and ethnically cleansing Palestinians. After attacking the Jenin Refugee Camp, the Apartheid military forces attacked the Jenin Government Hospital, firing tear gas bombs and targeting staff and patients alike; an onslaught documented by the media. Israel's war crimes have been well documented and reported, may it be mainstream media or first-hand accounts from Palestinians via social media. Despite this thorough documentation of Israel's horrific ethnic cleansing of Palestinians, there is silence from global world leaders who continue to normalise relations with Israel and therefore normalise the occupation of and racism against the Palestinians.

We remember the martyrs; Abullah Al-Ghoul, Hamoudi Al-Washi, Majeda Obaid, Waseem J'as, Mu'tasim Abu Al-Hassan, Izz Al-Din Salahat, Saeb Izuraiqe, Noor Ghuneim, Hamoudi Al-Shaqi of the Jenin Refugee Camp Massacre and the countless others who have lost their lives in the fight against Israel's occupation and ethnic cleansing. We remember those who have laid down their lives for the cause in our prayers and affirm our commitment to ensuring that their lives were not lost in vain. We condemn the international community for their continued silence in the face of the continuous Genocide of the Palestinian people and the global leaders, including South Africa, who continue to normalise relations with Aparthied Israel. We call on the South African government to do better and to do more, to keep the promises they continue to make to the Palestinian people and to sever diplomatic ties and sanction Israel.

Existence is Resistance.

End Apartheid End Occupation.

Freedom or Martyrdom.

Victory is Certain.
